TOWN WARRANT

To the Inhabitants of the Town of Dublin Qualified to Vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, March 10, next, at nine of the clock in the forenoon to act upon the following subjects:

First: To bring in your ballots for Town Clerk, Town Treasurer, Selectman, Road Agent, Tax Collector, Water Commissioner and Budget Committee.

Second: To choose all other necessary Town Officers, Agents, Auditors, and committees for the ensuing year.

Third: To hear the reports of Agents, Auditors, and Committees heretofore chosen and pass any vote relating thereto.

Fourth: To raise and appropriate such sums of money as may be necessary to defray town charges for the ensuing year and for any other purpose as mentioned in the budget.

Fifth: To see if the town will vote to instruct the selectmen to apply for state aid construction and town road aid.

Sixth: To see if the town will vote to instruct the selectmen to apply for state aid for bridges.

Seventh: To see if the town will vote to adopt the provisions of Chapter 254, Laws 1935, in favor of Clarence G. Harrington and raise and appropriate the necessary sums of money.

Eighth: To see if the town will vote to adopt the provisions of Chapter 257, Laws 1935, in favor of William F. Pickford and raise and appropriate the necessary sums of money.

Ninth: To see what sum of money the town will vote to raise and appropriate for the purchase of tractor and snow plow or any other snow removal equipment that the town deems necessary.

Tenth: To see what action the town will take relative to printing an itemized account of the salaries and expenses of the town officers for the years ending January 31, 1935 and January 31, 1936 and raise and appropriate such sum of money as is necessary for the same.

Eleventh: To see if the town will vote to adopt the following by-law: No public garage or other public structure shall be erected or located in the town of Dublin within 1000 feet of the shores of Monadnock Lake, except upon application to and permission by the selectmen and a public hearing by the selectmen of which hearing at least ten days notice shall be given by posting in at least two public places in said town copies of the petition and notice thereon.

Twelfth: To see if the town will vote to create by ordinance a planning board and make available to it, the powers and duties described in Chapter 55, Laws of 1935.

Thirteenth: To see if the town will vote to authorize the Selectmen to deed part of the land known as the town tool house land to M. E. Willard and others, in exchange for a deed of land adjoining the said Town Tool house or take any action relating hereto.

Fourteenth: To see if the town will authorize the Selectmen to borrow money in anticipation of taxes.

Fifteenth: To see if the town will authorize the Selectmen to administer or dispose of any real estate acquired by the town through Tax Collector's deeds.

Given under our hands and seal this 24th day of February, 1936.

REPORT OF THE ROAD AGENT

The roads in town were scraped and dragged several times during the season; the leaves cleaned from the ditches and culverts cleaned spring and fall; brush cut on several of the roads, stones removed and graveled in places which in the weekly statements shows gravel used. Bridges were repaired where needed. New road hones were built and repairs in general.

The town has nearly five miles of oiled roads, and required a lot of patching this season. These roads should be oiled this season, sanded and honed. The upper Jaffrey road from the MacVeagh farm entrance to the number four school house where the gravel road ends should be top dressed with gravel and oiled. There is a lot of travel on this road and during the summer when the gravel is dry the road gets rough and the winds blow away a lot of the material.

The old Troy road was scraped and dragged several times; this road is traveled a lot during the season; the road was graveled in several places and with a few new culverts and graveled, the road would be in very good shape.

Respectfully,
NED M. PIERCE, Road Agent

E. R. A. PROJECTS

The E. R. A. Projects were laid out under the supervision of E. R. A. officials and the Board of Selectmen. Men's labor was paid from the government funds; and trucks, materials and culverts were paid from funds the board of Selectmen are to meet. The married men to have a thirty hour work week and single men a sixteen hour week at a rate of 40 cents per hour, as the week being a thirty hour, three days of eight hours each and one day of six hours. The extra two hours were paid by the Town E. R. A. account, the working days being Monday, Tuesday, Friday and Saturday. Men were listed for projects, East View Road. Sam Williams, Lewis Burpee, Silas Rose, John R. Niemela, Toivo Luopa, Harry Babneau, Charles Pickford, Peter Jaaskela, Roy Roith.

The East View road from State Road to Burr Corner. Road was widened, banks and curves cut, trees cut and brush burned, culverts installed on the flat after leaving cement road, one at brow of Brush hill, one midway hill, and water ways were blown on both sides. Stone culvert was taken out and cement culvert installed at foot of Brush hill, road graded to lines set and graveled from Burr Corner to top of Brush Hill.

For the Week Ending January 25, 1936:

There being so much snow for road work, the project was carried on at the Charcoal road, cutting trees and burning brush.

The week of January 18 ending was my last week of foreman and time keeper as I had the town roads to look after during the storm.

This report is taken from my weekly blue sheets sent in to the Selectmen's office. Labor, trucks and materials, bills which were sent through me for O. K.

Respectfully,
NED M. PIERCE
Foreman and Timekeeper

REPORT OF LIBRARIAN

The report of the year ending January 31, 1936, is herewith submitted.

It was agreed by the Library Committee that they allow me to attend the New Hampshire Library Summer School, which was held for two weeks, July 8-20 in Conway. The studies were found most beneficial to me, and included subjects such as cataloging, classifiying, children's work, book selection and library administration. I most deeply appreciate the opportunity allowed me in attending this school.

Cards were sent out early in the summer requesting our borrowers to suggest ideas and books for the improvement of our library. We were sorry not to have more response to these cards. Miss Dorothy Annable, secretary to the Public Library Commission, thought it a most original idea, and displayed a card at the Regional Library Conference at Lake George, New York.

In my account of disbursements you will notice the sum of $1.85 spent for postage and insurance on books borrowed from the State Library. This supply of books obtainable is a most valuable service. It gives our borrowers an opportunity to borrow non-fiction books on subjects which our library has too little demand for to warrant buying.

Sixty books were given by Mr. William Yarrow. Duplicates were given to the Harrisville Library.

Mrs. William Taylor, Jr., and Mr. Joseph Lindon Smith presented the library with drawings of their representative work.

The Library now subscribes to the Book of the Month Club and receives one new book a month.

All books are now allowed out for two weeks only. This gives far better circulation.

The library has on file 214 borrowers. An average attendance of thirty borrowers an afternoon has been maintained during the past year. Recently on a Wednesday afternoon exactly fifty people borrowed books between 1:30 and 5 o'clock.

Respectfully submitted,

DOROTHY WORCESTER

Librarian

School Board of Dublin

REPORT OF THE DUBLIN SCHOOL BOARD

To the Citizens of the Dublin School District:

We herewith submit the one hundred and fourteenth annual report of our school.

The program of the Dublin Consolidated School, for the past year was carried out most conscientiously.

Mr. Miller, Principal, is still teaching the sixth, seventh, and eighth grades with added instruction in manual training, nature studies, and athletics.

Miss Corinne Boucher teaches the intermediate grades, also Art; Miss Ruth McLeod teaches the primary grades and singing; and Miss Mary Grimes does remedial work, which has been most successful, especially with the younger children.

Music is now permanently a part of the regular school program and is still under the direction of Mrs. Mildred Whitcomb of Keene.

The members of the School Board have met monthly with Mr. Record, our Superintendent. His cooperation and kindly suggestions are deeply appreciated.

Health work has been carried on as usual. The regular examination of the children was made by Dr. Clark, with Miss Harris assisting.

A dental clinic was held by Dr. J. H. Grimes, the expenses being paid by the parents.

Additional radiation was added in one of the class rooms.

Much work has been done on the school grounds. The retaining wall was completed, and a fence erected for the safety of the children.

Our report would be incomplete without a kind word for our janitor, Mr. Clifton Clukay. His duties are performed in a most efficient manner, with the welfare of the children his chief thought.

The high standards of our school should be a matter of pride to every citizen of Dublin.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE DUBLIN SCHOOL BOARD

The work of the Consolidated School has been carried along on the same lines as last year.

No changes occurred in the teaching force, and the teachers have cooperated loyally in studying the needs of the individual pupils and giving special attention to those who most need help.

The remedial work begun in the fall of 1934 has been continued with encouraging results.

Mrs. Mildred H. Whitcomb has continued her excellent work as supervisor of Music, and Miss Margaret E. Harris has faithfully carried on her work as School Nurse. Her report will be of interest to all parents and citizens interested in the health and physical development of the children of Dublin.

The Dublin Consolidated School, with its fine gymnasium and ample playground, offers an unusual opportunity to the boys and girls under our care. The supervised play is being carried on in such a manner as to give a chance for every one to participate in some game at each recreation period.

Careful attention is being given to the problems arising from time to time, and we hope from the frank consideration of these problems to help make our school a little better each year, and to gain a clearer knowledge of the abilities and possibilities of our pupils.

The Dublin Schools have long been outstanding as good schools and I believe that the citizens of the town are ready and willing to meet the necessary expense of maintaining such schools.

I desire to thank the school board, teachers, and all who have cooperated in carrying on the work of our schools during the past year.

REPORT OF SCHOOL NURSE

The routine inspection of each pupil's scalp, teeth, skin, posture and general hygiene began with the opening of the school year. The general appearance of the children does not indicate suffering for lack of food. There are always a few who need special food. We are urging the children to bring milk with their noon luncheons, as this is essential for their proper nourishment.

The Growth and Weight Chart, with the periodic weighing and measuring, furnishes a strong desire to practice rules which are simple but most important for health and normal growth.

The tonsil and dental clinics have been most successful, and have greatly reduced the number of defects.

Pupils were accompanied by the nurse to tuberculosis, tonsil, and dental clinics.

Home visits were made to instruct the parents and follow up defects.

School visits made	78
Home visits made	71

I wish to thank the School Board and local officials for their splendid cooperation.

Respectfully submitted,
MARGARET E. HARRIS
